

This spring, Boston Center for the Arts has set an ambitious goal: To secure **100 donors in 100 days**

If just 100 donors give \$150 each we will reach our goal of an additional \$15,000 for the BCA Annual Fund before June 30.

Gifts to the BCA Annual Fund support residencies, exhibitions, rehearsal and performance spaces and public programs that connect our artists with the community. Your support empowers Boston's most innovative performing and visual artists to take risks and activate conversations around the pressing issues of our time.

We believe that artists have the power to create a more open, inclusive, peaceful, imaginative and creative world. [Join us.](#)

Please consider making your tax-deductible gift to BCA before June 30!
