

ArtBridge: Curating connections between artists and our community

Boston Center for the Arts (BCA) celebrates the art work of its Artist Studios Building artists through ArtBridge, a curatorial outreach program designed to promote the visual arts, develop relationships with local business and support visual artists in local Boston communities.

Boston Center for the Arts custom creates, curates, and installs artworks to complement your unique space. We offer digital portfolios and even artists' studio visits!

If you would like more information about bringing local artists into to your business, please contact visualarts@bcaonline.org .
